

# THE BEST LASER IN THE WORLD

AND DON'T JUST TAKE **OUR** WORD FOR IT...

## SOPRANO<sup>®</sup>XL BLUE

*I am happy to confirm that the Soprano XL Hair Removal system has been very well received by our patients and that they have all been truly amazed that it is a pain free treatment. The staff have found the laser system very easy and safe to use and we have been very pleased with the service and support we have received from ABC Lasers.*

**Dr Rita Rakus MBBS Founder member of the BACD, Clinic in Knightsbridge. Known as the London Lip Queen.**

*"Soprano painless hair removal has transformed the laser hair removal experience for our clients. Working with other Lasers too, the Soprano hits all the right notes."*

**Dr Patrick Bowler, Founder & Medical Director of Court House chain of 10 Clinics and co founder of the British Association of Cosmetic Doctors BACD.**

*"We offer a wide range of treatment modalities for clients seeking to remove unwanted hair using technology supplied by ABC lasers. The Soprano XL has enabled us to provide previously unavailable pain-free treatment and successfully include darker skin types in our patient pool. We recommend the Soprano XL without reservation."*

**Dr. Peter Ilori is the founder of 'The Beauty Society' - a premier provider of medical spa, aesthetic, dental and specialist orthodontic services.**

*When opening my new clinic I was looking for a system which stood above the rest. The painless technology from the Soprano XL has opened up a new and increasing market for my business in both Laser Hair Removal and Skin Tightening. One year on, results are excellent and many of our new clients come by word-of-mouth recommendations from our happy client.*

**Dr Ravi Jain, BACD, owner Riverbanks Clinic, Winner Best new clinic Award 2008-2009.**
